NEW CASE CLOSURE FORM

The RR Program, through its NR 700 Implementation Team, has revised and updated Form 4400-202, our case summary and closure form. The form includes instructions and a completeness checklist. Responsible parties and their consultants will need to provide additional information when completing the new form in order to make a case closure request. This new information allows responsible parties and consultants to more clearly identify the "pathway to closure" that is being proposed. RR staff will use this information to help make consistent decisions with the variety of case closure requests that we receive. The NR 700 Implementation Team will periodically revisit the form to ensure that it is working as anticipated and is up to date. Please use the new form immediately. Consultants and other professionals can help ensure that their colleagues and clients are also using the revised form. If you have questions about the new form, you may contact Sally Kefer, NR 700 Implementation Team Leader at kefers@dnr.state.wi.us. The new form is on the web at: <http://www.dnr.state.wi.us/org/aw/rr/index.htm>
